In terms of section 122 of the Companies Act 71 of 2008 (the “Companies Act”), if a company receives notification from any person that has either acquired or disposed of a beneficial interest in sufficient number of any class of securities in the company such that, as a result of the acquisition or disposal (as the case may be) the person’s beneficial interest in that class of securities moves above or below 5% or any multiple of 5% of that class of securities, the acquisition or disposal needs to be disclosed to shareholders.

In compliance with section 122(3)(b) of the Companies Act and Regulation 121(2)(b) of the Companies Act Regulations, 2011, EFG shareholders are advised that EFG has received notification from Trustee Board Investments (Pty) Ltd (“TBI”) of the acquisition by TBI of that number of shares in EFG, such that TBI’s total beneficial interest is now 25.81% of EFG’s issued shares.
